**NOTICE: We reserve the right to make changes or substitutes, depending on inventory at time of order placement.**

**Your sample will be returned to you with your order.  
Describe parts by number, when possible, or send a sample for us to match.**

### TERMS AND CONDITIONS

- Minimum \$30.00 order, paid in advance — ~~include \$9.00, (\$12.00 Canada), for shipping & handling~~, additional (total \$39.00). Make checks payable to David Laughridge and send with order. We have no open accounts. Sorry, no CODs or credit cards accepted. Prices are subject to change.
- If you do not know how much an item is, send a deposit for the estimated amount. Overpayments will be refunded with your order.
- If you want an order to be insured, send extra estimated funds.
- Parts listed are new, used, reconditioned, and reproduction, depending on availability at the time of the request. Parts that have been rerun at the factory are generally considered to be the same as new, original parts, if appropriate.
- Parts cannot be returned for credit, except by prior agreement. All sales are final. A restocking fee will be charged for all returned merchandise. Restocking fee is normally \$5.00 or 10% of the value of the returned item(s). Electrical units are tested before shipment. Damage resulting from shipment or improper installation is not sufficient reason for a return for credit.
- Some items are reconditioned, such as smoke units, armatures, and E-units. If this is objectionable to you, please indicate.
- Correctness and accuracy are of prime concern to us. Dr. Tinker® (Dave Laughridge) is a former Lionel Product Manager from the late 60's period and has been designing toys, repairing trains, and writing about his work most of his life. This is a full time business, not a part time hobby. We also use the parts that we sell to repair our own customers' trains, so you can be assured that what we ship to you is the best quality available. **Your satisfaction is our prime concern.**
- Send Self-Addressed Stamped Envelope for inquiries, please. Order by Lionel engine or accessory part number when possible.
- Quantities are limited on some items, especially new original old stock. If reproduction is acceptable, please advise.
- Please try to keep telephone calls to a minimum. To process your order, send a check or money order for \$39.00 minimum, and a written list of your needs. Sorry, no Credit Cards!
- Massachusetts dealers with tax numbers should send tax exempt form or a photocopy of your Sales Tax and Use Registration certificate for our files. Out-of-state customers do not pay Massachusetts sales tax.
- We have not increased prices generally in over ten years. We buy parts at auction and from primary manufacturers and pass the savings on to our customers. If any part seems overpriced, please let us know. Adjustments can be made, when appropriate.
- Sales are final for all books, circuit boards and electro-mechanical assemblies.
- Dealers ask for our list of Service Products.
